

A message sent to Bishop Carl Buffington and shared with permission.

*Hey Carl,*

*I just wanted to comment on what a wonderful job Father Clint has done. If it wasn't for him I would not be here now.*

*Father Clint is my only go to person to pull me out of the deep when I get depressed. Since my head injury I have lost all my friends because of my short term memory loss. Father Clint has talked me off the edge every time I wanted to take that jump.*

*I hope there will be someone to fill his shoes that is there now. He was the only person I had to talk to and he is the easiest, best person to talk to when you are down because of who he is, his caring and understanding nature put together with his hospice experience. He has always been there for me. It doesn't matter what time of day or what problem you have, he is always available via personnel cell and no matter what the problem he consistently knows what to do and always, I mean always, understands. He is a walking book of real world experiences and compassion to go along with it.*

*This is going to be the most missed person you have ever had in the last 20 years. Anyway I am rambling as I am typing and crying at the same time.*

*Best always,  
Craig*
